GIVING OUT

The Struggle Discourages Many a
Citizen of Norway

Around all day with an aching back,
Can't rest at night;
Enough to make anyone "give out."

Doan's Pills are helping thousands.
They are for kidney backache,
And other kidney ills.

Here is Norway proof of their merit:
John F. Sampson, prop. painting es-
tab., 174 Main St., says: "I was feel-
ing run down and miserable. I was
tired and nervous and my kidneys didn't
act regularly. At times the secretions
passed too frequently, then again they
were scanty. My head ached night and
day. A friend advised me to try Doan's
Pills so I sent to Stone's Drug Store for
them. When I had finished taking
Doan's the trouble left and I have not
been bothered since. I can certainly
recommend Doan's to anyone afflicted
likewise."

EAST OTISFIELD

School Notes

During the last week, Arthur Lowe, Principal of Portland High School, and Charles Haskell, Principal of South Portland High School, visited the East Otisfield school. Both gave an instructive talk to the pupils.

Those not absent or tardy during the first five weeks of school are, Lucile Vining, Kenneth Jilison, Martin Willey, Ralph Vining, Edwin Jilison and Ira Edwards.

Mr. and Mrs. Arthur Lowe of Portland spent the past week at their summer home on Scribner Hill. On Friday, May 2, Mr. and Mrs. Arthur Lowe and Mrs. Maurice Kemp motored to Lisbon and returned to the DeWitt house at Lewiston for lunch.

Mr. and Mrs. Philip C. Welch spent Sunday afternoon with Mr. and Mrs. Fred Hanscom of Casco.

LOVELL

Calvin Heald has bought Harold Watson's house at No. 4.

E. S. Hatch has been elected Treasurer of the Lovell United Telephone Co.

They commenced sawing at the mill last week. They have about one million of timber.

Elmer Barnell will work for A. A. Stearns this summer.

W. B. Stone is having his buildings painted.

S. R. Andrews has bought a new car of Warren Benton of Bridgton.

The Library club supper and entertainment at Masonic Hall was largely attended. Net proceeds \$52.65.

J. M. Buzzell is at work for S. F. Barker.

C. K. Chapman remains about the same.

D. W. True is back from Cornish where he has been having some work done.

Whist Party

A whist party was given at Masonic Hall on Tuesday evening. As a novelty, the identity of the entertaining committee was not revealed until that evening when it was discovered that Mrs. Sumner R. Andrews, Mrs. John B. Kimball, Mrs. Percy A. Walker and Miss Madge M. Heald were the hostesses.

There were ten tables at cards and many members of the Club who do not play. We feel sure that to some of the participants of the game their score card looked more attractive at the start than at the finish.

The ladies' first prize—silver sweater pins—was awarded to Mrs. William B. Harwood, the lucky gentleman, won a silver tie clip.

Evidently the committee gave much careful attention to the selection of the consolation prizes. Mrs. Frank F. Stearns was forced to accept a miniature crate of lemons, attractively labeled, while Herbert Stone was impressively presented with a dumb-bell, blown up to balloon-like proportions, and bearing the inscription, "500 lbs."

After the presentation of the prizes we were summoned to the cafeteria where a delicious collection of eatables awaited us, mashed potatoes, cold meat, mixed pickles, sandwiches, Dutch cheese, pineapple sherbet, assorted cakes and coffee.

Two hours of dancing followed. "The fast and furious Green Mountain Volunteers" vied with the fox trot, and both were skillfully played by Mrs. William C. Brooks, piano and William B. Hurd, violin.

On account of the varied and numerous social events scheduled for the coming summer months, the next party will not be held until the opening of the fall season, when we shall look forward to another equally charming affair.

He died the night after the arrival of his brothers and sisters. For years he taught in Earlville, Iowa, but many years ago moved to Deer Lodge, Montana, where he engaged in mercantile pursuits. At Open Car Cost

All Closed Car Comforts, Utility and Distinction

Why buy an open car? High cost for closed car comforts is no longer a question. The Coach—exclusive to Hudson and Essex—gives every closed car advantage, at almost open car cost. No other car shares its position.

It creates the dominant car issue of the year. Mark how rapidly the Coach is superseding open cars. Sales exceed 3000 a week. It is the largest selling six-cylinder closed car in the world.

Buyers must consider any purchase in the light of this overwhelming trend. As the wanted car the Coach maintains high resale value, against the waning desirability of open cars.

Hudson and Essex—investors and exclu-

sive producers of "Closed Car Comforts at Open Car Cost"—are responsible for this issue. In two and a half years, and in the hands of more than 135,000 owners, the coach has proved a staunchness and serviceability never before associated with a closed car. It gives every utility you can get in any closed car. All concede unsurpassed chassis reliability. The price removes it from all competition.

You today want "the car for everyone."

CASCO

Grange Meeting

Casco Grange met in regular session Saturday evening, May 3rd, with the Master, Russell D. Baker, presiding. After the regular routine of business, the Master called on Mr. and Mrs. S. O. Hancock to talk on their trip to St. Petersburg and return by automobile. Mr. Hancock said in part that they had a delightful trip with no delays although they found very muddy roads through some of the Southern states. He gave a very vivid description of how rattlesnakes are captured. A man would put a heavy glove on one hand, bind the arm with cotton and let the rattler strike. As it did so, he would catch the snake in the web of the back with the other hand on which he wore a lighter glove, and strangle it. This was done by professionals. He said the first year they spent in St. Petersburg there were only 19 Maine people and this year 1,500. He said they could get all the grapefruit they wanted for 10¢ a dozen, and oranges were given for 10¢ a dozen this year, they were so plentiful. Mr. Hancock's talk was full of information and wit and will long be remembered.

Russell D. Baker, principal of Casco High School, then gave a talk on his trip to Washington with the party of high school students and teachers. They stopped in Philadelphia enroute and visited Independence Hall, the Betsy Ross House and other points of interest. With the three days' visit in Washington, they included the trip to Mount Vernon. Mr. Baker's talk was also very interesting to those fortunate enough to hear it.

Others called upon were Frank Jordan, Walter Hamlin, and E. Wilson Baker, all talking on "Roads."

If You Have'n't Tile Have A Tile Like Finish

For bathroom walls, basements and such places white, spotless tile is without a doubt the ideal surface, but because of its cost is beyond the reach of the average householder. However, the same glistening, pure white finish can be obtained by anyone at the cost of an ordinary oil paint. Barreled Sunlight is that paint which presents a glossy tile-like surface—washable, sanitary and dirt resisting. It contains neither varnish or lead, is cheaper than enamels and is easier to apply. Flows out smoothly leaving no brush marks, and will dry over night.

Vincent B. Hamlin, formerly of Norway, located here, and with his many friends in the scope of your paper, I will venture to tell his friends the success he has achieved since he returned from the war. He has just received from Washington, D. C., a diploma issued by France for services rendered in the war.

He has been married some five years and has two nice little girls, one 3, the other 2, and a joy to all. The little girl of 3 had a part in the Easter exercises, ready, willing and able to sing, as she talks very plainly and can be heard distinctly. She is a picture of her grandmother, Carrie B. Hamlin, in looks and actions, and lives in her new home her father had built last summer at 721 Jeffrey St., which is a nice two-story brick house, all modern, tile bath, electric washer and wringer, will set in basement and a large back yard where they are building a garage for his automobile. He is always busy from early morning until late at night with his happy family. Just now he is making screens for his windows, getting his garden ready, setting out his plants, as it seems there is an endless amount of work around a new place to do.

COMMUNITY LOYALTY

Have you ever stopped to consider the fact that loyalty to community interests is the highest form of patriotism?

Show us the man who is loyal and loyal to every interest of his own community and we will show you in that same individual a man in whom his country can repose absolute confidence in any emergency that calls for allegiance.

On the other hand, the man who is careless and unconcerned for the interests of his community is most likely to display the same spirit of indifference towards his government or his state should any serious danger threaten either.

Try to imagine an entire state composed of innumerable small communities welded and cemented together into a symmetrical whole, each striving to excel the others, but each from its own local loyalty developing a broader and deeper loyalty, that reaches out and embraces the whole.

This would be brought about if we could be brought to see that we owe allegiance to our own people, but that the prosperity and success of others is in no wise a detriment to us, but rather a help, that if each community would develop itself to the utmost—materially, mentally and morally—none would need be envious of others, neither would another doubt as to the highest form of patriotism.

HEADACHES GONE TIRED NO MORE

Gives Credit to Lydia E. Pinkham's Vegetable Compound. Hopes Other Women Will Benefit by Her Experience

Skowhegan, Me.—"I was sick most of the time and could not get around to my work without being all tired out so I would have to lie down. One day when I was reading the paper I saw the Lydia E. Pinkham's Vegetable Compound advertisement and saw what it did for other women, so I thought I would try it. I have taken three bottles, and cannot begin to tell you what it has already done for me. I do all my work now and keep up the whole day long without lying down. I have no more headaches nor tired feelings. I hope every woman who takes the Vegetable Compound will get as much benefit out of it as I have."

—Mrs. PERCY W. RICHARDSON, R.F.D. No. 2, Skowhegan, Maine.

You have just read how Lydia E. Pinkham's Vegetable Compound helped Mrs. Richardson. She gave it a trial after she saw what it had done for other women. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been thus praised by women. For sale by druggists everywhere.

WORST FORM OF INDIGESTION

Disappeared Under the Fruit Treatment—"Fruit-a-tives"

People are often amazed when they hear of a case like Mrs. Hammond's. Yet it is the most natural thing in the world to eat plenty of fruit for Indigestion, Dyspepsia and other stomach troubles—and to try and overcome Constipation and Biliousness by eating figs and prunes.

"Fruit-a-tives", made of the intensified juices of apples, oranges, figs and prunes combined with tonics, will relieve stomach and bowel troubles.

Mrs. E. C. Hammond, 218 Sykes St., Groton, N. Y., says: "Last February, I started using 'Fruit-a-tives' for Indigestion and Constipation of the worst kind. 'Fruit-a-tives' entirely relieved me and I would not be without your valuable 'Fruit-a-tives' in the home."

BATES—WEST PARIS

Store Burglarized
 Burglars broke and entered G. A. Smith's store last week, Tuesday night, by breaking a pane of glass and reaching through and unfastening the window. They ransacked considerably, helping themselves to clothing, shoes, and various other things and leaving two old pairs of shoes and stockings, also opera glasses and other things, on the piazza which they evidently intended to take.

Mr. Smith heard a noise and got up and was around upstairs for some time, which probably scared off the intruders sooner than they intended, because they did not disturb the safe and cash register. Sheriffs at Bryant's Pond and South Paris were notified and efforts are being made to find them.

"Good Clothes--Nothing Else"

It's the Same in
 New York--
 and in New Orleans

Personally, have you a friend who would like to buy a very poorly constructed, out-of-style suit to day at even \$10?

Or, have you in your acquaintance a woman—any age—who would think of purchasing a by-gone, unfashionable hat at any price?

It's the same in New York—New Orleans—Devil's Lake, Iowa and it's the same in Norway.

The people are demanding style—they are insisting on quality and when a store delivers both at a Value Giving Price—it finds business too good to worry about!
